REPORT TO MEMBERS

Ladies and Gentlemen,

Once again it is with pleasure that I present this report for the year ending 30th June 2022.

Members

Thank you for the support over the past 12 months. Welcome to all the new members, there are many new faces around the club, which is great to see.

Board

I cannot speak highly enough of our board members who go over and above the call of duty, Trish McNeill club captain; Peter Lewis secretary; Rod Wecker treasurer.

Well done board members.

Sponsors

To our valued sponsors, thank you for the past 12 months and we look forward to your continued support. Without your help the Club could not provide the facilities our members deserve. So please members, support our sponsors that support your club.

Volunteers

A huge thank you to all our volunteers. They can be seen here on a regular basis at pre-organized times, emptying bins on the course, Cash for cans, trimming trees, mowing, cooking, drinks buggy, top dressing greens, and helping in general.

Club Staff

Laura Oates is our part time bookkeeper. Thank you, Laura. To Sam, Nevaeh, Mandy behind the bar serving drinks and food, thank you ladies.

Ground Staff

Rob and Wayne are doing an outstanding job, this is evident in the condition of the course. Many thanks to Bill Woods and Jim Cochrane for volunteering to help Rob and Wayne on a weekly basis.

Club Professional

Roger and his staff continue to do an excellent job running coaching clinics for both ladies and juniors, they are also extremely active in attracting new members.

We did see the extension of the pro shop this year, making it one of the best pro-shops you will see anywhere.

Thankyou Peter Faust for supplying the concrete and Brian Smith for moving the wall and constructing the new one. Roger for the painting.

Show Ground Bore

Queensland Health Department and the EPA have informed Whitsunday Regional Council that this bore cannot be used by anyone. The bore has a higher than acceptable level of polyfluoroalkyl (pfas) in the water.

Hole Two.

This year we saw the transformation of number two, from a par four to a par three. This was a great success and now it is a signature hole. Well done to all involved in making this happen.

Regards,

Rob Smith

President

Course Directors Report

Ground Staff have worked hard to present the course in the best condition possible. Growing grass in the tropics is a real challenge and must be constantly monitored.

Most of the fairway irrigation is in the ground with still some tidying up with pipes and cable around the course.

We have received some of the grant money and the remainder will come on completion.

As part of the machinery replacement program, the Toro fairway mower was due to be replaced this year. With relatively low hours on the machine, it was decided to keep it for extra 12 months. This will save the club money.

Thank you to the members who helped with the wish list of things you would like to see happen around the club.

Regards,

Rob Smith Course Director
